EDUCATION

University of Kashmir
Bachelors of Computer Applications: GPA 7.79

Srinagar, India
Sep 2017- Apr 2021

SKILLS SUMMARY

- **Languages:** JavaScript, Python
- **Frameworks & Libraries:** React.js, Redux, Node.js, Express.js, Tailwind CSS, Bootstrap, Material-UI
- **Tools & Platforms:** Git, GitHub, JIRA, Miro, Postman, VS Code
- **Databases & APIs:** MongoDB, REST APIs, JWT Authentication
- **Others:** Agile/Scrum, strong communication, teamwork, problem-solving

WORK EXPERIENCE

Full-Stack Developer – Gemstones (Oct 2023 – Present)

- End-to-end development of scalable web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Engineered RESTful APIs with Express and Node, ensuring secure and efficient communication between client and server.
- Built interactive, responsive front-end components using React.js, leveraging Redux and Context API for advanced state management.
- Integrated JWT-based authentication and role-based access controls to secure the application.

MERN Stack Intern – Gildware Technologies (Apr 2023 – Sep 2023)

- Contributed to the development and maintenance of full-stack web applications using the MERN stack.
- Implemented server-side logic with Node.js and Express.js, including modular APIs and middleware integration.
- Participated in Agile ceremonies, improving collaboration and development efficiency.

Website Admin / Content Manager – Interface Technologies (Jun 2021 – Apr 2023)

- Managed and updated website content using HTML, CSS, and in-house CMS tools.
- Collaborated with developers to implement front-end enhancements and resolve layout or UI issues.
- Coordinated with design and marketing teams to deliver timely updates and promotional campaigns.

PROJECTS

SocialMe – MERN Stack with Redux

- Built a full-featured social media platform using the MERN stack (MongoDB, Express.js, React, Node.js) with Redux for state management.
 - Engineered RESTful APIs for smooth client-server interaction and robust backend operations.
 - Implemented user authentication using JWT and developed features like posts, profile editing, image upload, and friend system.
 - Designed a responsive UI using Material-UI and managed version control through Git.
- Skills:** Authentication and Security · Version Control · Project Management · Problem Solving · Error Correction · Web Development · Databases · State Management
- Repository:** [LINK](#)

Other Projects: Trippy, FoodApp, PasswordGenerator, RoboFriends and more [Here](#)

Certificates

- **Mastering React** – Coding with Mosh
- **IELTS** – Band 7
